

Competitive Racing lane Lines

4" Racing lane lines

4" Racing Lane Line

COMPETITOR Racing Lanes' patented flow-through design controls water turbulence by allowing wave energy to be dispersed along the length of the lane. This creates the optimum swimming environment for a swimmer's fastest times.

COMPETITOR lanes come completely assembled and are offered in a variety of color and sizes to meet any need. .

Each COMPETITOR lane consists of a series of 4- or 6-inch polyethylene disks and donuts strung on a vinyl coated, 3/16" stainless steel cable. Each of these disks is designed to rotate independently of the others, thereby allowing the wave energy to be absorbed and dispersed along the channel within the lane. Available in standard colors of White, Red, Yellow, Blue, and Green. Special colors are Black, Brown, Maroon, Orange, and Purple.

6" Racing Lane Line

6" Gold Medal lane lines

These lanes were first introduced at the 1992 Summer Olympic Games in Barcelona, Spain.

Parts & Accessories – Racing Lanes

Lane Storage Reel

Designed for easy storage of Competitor® racing lanes. Rugged crank-and-wind construction stores over 500 feet of Competitor racing lanes, and over 300 feet of Gold Medal racing lanes. The framework is electroplated aluminum, which supports the thermo-formed plastic reel assembly.

PART	DESCRIPTION
Racing Lanes - Accessories

Starting Platforms

Track Start Side Step Platform

This new platform features a 24" x 32" top to support the "track start" used by many competitive swimmers and has a sand, grooved finish for better traction. Colored platform tops are available upon request at an additional charge. Comes complete with 6" anchor assembly. (Shown with logo option.)

Grizzly

The Grizzly features a 22-inch x 24-inch, single piece rotationally molded platform that features molded-in non-slip surface and desired color (red, blue, green, yellow or black). A 10-inch wide and 8-inch deep rear platform-mounting step is also provided. Anchors are sold separately. Field measurements are required.

Timing Systems

Colorado Timing Systems aquatic products are designed to enhance the experience for athletes, coaches and fans. See scoring options for numeric, LED, and video display options.

Please contact Acapulco Pools to discuss your timing system needs.

Pace Clocks

31" Pace Clock

protects the face and hands from splashing and weather.

The 31" pace clock can be wall mounted or attached to our Roll-A-Way Stand for easy removal and storage. Sweep minute and second hands are made of a newly designed alloy to resist warping and damage. A clear Plexiglas® lens

15" Pace Clock

The portable 15" pace clock, available in red or white, is battery operated, using one "AA" battery. Large numerals make this an ideal tool for aerobics and personal training.

Water Polo

Designed to meet the official rulings of FINA, NCAA, NFHS, and USA Water Polo. Goal cages can be adjusted vertically to have the top of the cage at regulation height. Goals are furnished as a pair, but backings/nets and anchors must be ordered separately. Each pair of cages requires four stanchion sockets and one pair of backings/nets.

The Club Water Polo Goals

The "Club" floating goal is the ideal choice for competitive water polo at the regional or local level. It combines everything you need in a goal: economy, versatility and style. The "Club" goal is our best-selling

water goal by far for one simple reason. It is the best combination of quality and value on the market.
